

VOGLAUER

# Utektura living

## LIST OF TYPES

(valid from 2024.04.01)

Please always indicate the following specifications:

**MODEL:** TE | Vtektura living

**WOOD:**

**SG** | Old oak rustic grey lacquered

**ER** | Wild oak rustic black oiled

**GLASS/FRONT Firneis dark:**

**D-H** | Wood panel

**D-D** | Glass panel

**GLASS/FRONT Firneis white:**

**W-H** | Wood panel

**W-W** | Glass panel

**COVER MATERIALS:**

(please specify code and colour designation)

**LEATHER MONTAN:**

**LR** | reinweiß

**LW** | sahne

**LO** | coco

**LK** | kiesel

**LA** | azurblau

**LV** | cognac

**LM** | stone

**LP** | cenere

**LY** | ziegelrot

**LU** | caffè

**LL** | oceano

**LX** | burgundy

**LN** | anthrazit

**LZ** | army green

**LS** | schwarz

**LT** | testa di moro

**LODEN:**

**MG** | grauweiß

**MB** | basaltgrau

**MT** | tundrabraun

**VINTAGE:**

**VQ** | quarz

**VB** | bronze

**VT** | terra

**VM** | moor

**CURL:**

**CN** | natur

**CM** | melange

**CS** | steele

**CO** | olive

**CW** | warm grey

**CT** | timber

**CD** | dark blue

**CR** | royal red

**CB** | black

**SELECT:**

**SN** | natur

**SU** | umbra

**SB** | basaltbraun

**SM** | mineralblau

**SK** | kupfer

**SH** | honiggelb

**SS** | schwarz

### Construction / loading capacities:

Carcase:	table top veneered in genuine wood		
Fronts:	Cabinet board veneered with real wood or printed with satinized glass		
Cover panels:	coreboard in genuine wood veneer (14 mm) or printed glass with satin finish (6 mm)		
Shelves:	wooden compartments behind wooden doors, glass compartments (Parsol bronze) behind transparent front glass panels		
Transparent front glass: ESG Parsol gray (single-pane safety glass)			
Metal parts:	Dark gray powder-coated		
Drawers:	dovetailed solid wooden drawers (oak) with concealed, easy-action fully extending pull-out		
Door and drawer opening:	PUSH-ON automatic opening		
Wood surface SG:	solvent-free water-based varnish including water-based stain with natural handle haptics		
Wood surface ER:	Oiled wood surface		
Dining room tables:	Cabinet maker's top with real wood veneer and tree edge, table top: hard-wearing wooden surface made from a mixture of lacquer and wax with a natural feel		

<b>Loading capacities:</b>	<b>glass shelves:</b>	<b>max. 5 kg</b>	<b>drawers up to 80 cm wide:</b>	<b>max. 10 kg</b>
	wooden shelves:	max. 15 kg	drawers over 80 cm wide:	max. 25 kg

### Lighting (optional)

All lighting systems are permanently installed and wired into the furniture by VOGLAUER. Each illuminated element has its own control gear or transformer and a main power cable (approx. 2.5 m) with EURO plug.

ON/OFF either by:

- internal mini rocker switch
- wireless switch and dimmer (each furniture element is supplied with its own wireless transmitter handset - (several lights can be programmed to operate from one handset at any later date)

Power/consumption: LED spot: 2 watts, COB LED strip with continuous phosphor layer: 5 watts/rm, illuminated glass back panels: Led Flexband SMD 9.6 watts/rm  
 consumption: LED spot: 2 watts, COB LED strip with continuous phosphor layer: 5 watts/rm, illuminated glass back panels: Led Flexband SMD 9.6 watts/rm

Energy consumption labelling: The following applies to all VOGLAUER furniture with lighting: „This product contains a light source of energy efficiency class F“. The light sources and

### Wood-based materials - indoor climate:

Despite meticulous craftsmanship, wood is a living raw material that reacts to changes in humidity and adapts to the prevailing climate. This may unavoidably result in colour and texture variations, minor cracks, slight warping or open knots. An ideal indoor climate for furniture is between approx. 18-23 °C as well as 45-55 % humidity. To reduce warping or cracks to a minimum, solid wooden furniture should be exposed to the smallest possible fluctuations in temperature or humidity.

### Oiled wooden surfaces:

Our hard oil/wax combinations based on vegetable oil meet the highest environmental standards and are on a par with organic products. The oiled surface is breathable and improves the indoor climate. The surface is antistatic, i.e. dust and dirt-repellent.

**Care of oiled surface: to maintain the value of oiled furniture from VOGLAUER, re-oiling is recommended every 6-8 months. Apply a thin coat of VOGLAUER care oil („care oil“ - see accessories) with a soft and non-lining cloth, rubbing evenly in the direction of the fibres. Afterwards, polish with a dry cotton cloth. The surface takes on a silky gloss and feels velvety soft.**

### Furniture cover materials:

- **Loden** fabric made of 100 % pure new wool
- **Vintage** fabric made of 100 % microfibre (PES)
- Sturdy soft **nappa cowhide** with scar pattern and distinctive mill grain.
- **Curl** fabric made of easy-care Q2-Hitex® yarns (74% PAN, 26 % PES)
- **Select** fabric made from blended fabric (29% PES, 27% PAN, 22% CV, 13% WO, 9% CO)

The production or processing of fabrics and leather involves many work steps which is why slight colour variations in the end product cannot be avoided. It is particularly important to bear this in mind when comparing samples and actual furniture. Puckering is a natural process and therefore no reflection of any reduction in quality. It results from using or stretching of cover materials.

### Important planning information:

- To ensure proper fulfilment of the contract, all structural conditions, obstructions, dimensions and loads must be identified when ascertaining what is required.
- Identify the preliminary electrical work that is required for wiring and for connecting appliances (freely suspended lighting systems require surface-mounted or concealed cable ducting solutions). Each illuminated element has a separate mains power cable (approx. 2.5 m) with EURO plug. The mains power connection for lighting (socket, cable outlet) can be provided in the entire rear panel area of cabinet furniture (rear-panel clearance approx. 23 mm).
- Door hinges are nickel-plated and adjustable in 3 directions. However, for exact door fit, it is essential for furniture to be standing on a level and even floor, unevenness can be corrected with adjustable furniture feet. Some carcass units with hinged doors can only be fitted with wall clearance on the hinge side as shown in the sketch, as the doors protrude when opened due to the design (indicated for the respective type).
- All dimensions stated in the product guide are theoretical approximate dimensions and may diverge from actual dimensions, especially as a result of cumulative tolerances. Handle or other insignificant component projections are not included in the overall dimensions.

### Installing furniture

On account of the large doors and fully extending drawers, free-standing elements must also be fixed to the wall to prevent them from tipping forward. VOGLAUER supplies the appropriate mounting accessories for solid brickwork or masonry. For stud walls, specialist fitters must obtain suitable wall plugs screws themselves. VOGLAUER assumes no liability for installation!

All furniture is assembled and customised by VOGLAUER at the factory. Bulky furniture can be dismantled for assembly purposes or is delivered in disassembled form. VOGLAUER

### VOGLAUER furniture quality certificate:

When buying VOGLAUER furniture, the VOGLAUER Furniture Quality Pass is handed over (online download: [www.voglauer.com](http://www.voglauer.com)). A comprehensive documentation specifying the 5-year warranty and containing many important information such as instructions for use and care.
