

## **Hotel Schneeberghof - modern \*\*\*\* comfort in Puchberg**

**Within one month, Hotel Schneeberghof in Puchberg am Schneeberg was able to renovate its 68 rooms. The planning was managed completely by Voglauer hotel concept.**

As part of a hotel extension and renovation, Voglauer hotel concept was entrusted with decorating a total of 68 rooms. As complete service provider, the availability of a personal contact person was guaranteed from the beginning of planning right through to completion of the project.

Five different colour concepts were developed in close cooperation with the client. Alpine Oak was chosen for the renovation of the old building's rooms. The rooms in the new building were finished in Wild Oak.

Single rooms, double rooms and suites were all decorated harmoniously and comfortably and are characterised by high-quality facilities.

The Voglauer team was able to rise to the challenge posed by the tight construction timeframe and the large variety of different room types.

Hotel Schneeberghof lies at the foot of the wildly romantic Schneeberg, which invites visitors to participate in a wide variety of activities, is fully equipped for seminars and offers a wide range of wellness and luxurious offers. The hotel charms its visitors with its stylish and informal atmosphere.
