

Tradition und Ecology in Hotel Straßhof in Pfaffenhofen

Hotel Straßhof, run by the Leopold family, has an idyllic location in Pfaffenhofen an der Ilm, in the Alpine foothills of Bavaria. It is situated directly on the motorway and enchants with its family-like charm.

As a long-standing customer, the Leopold family again decided in favour of Voglauer hotel concept as project partner for the new construction of the 3-star classified 28 rooms. The excellent quality and reliability were one of the main reasons for this.

Voglauer developed a modest, linear design concept. A modern country house style was created using a harmonious choice of furniture and colour in the rooms. The comfortable sleeping systems further enhance the sense of comfort.

The Leopold family wishes to adapt better to the needs of business travellers and seminar guests with its new 3 star rooms. Furthermore, there are still 16 rooms, 2 spacious holiday flats as well as a farm café, a terrace, a beer garden and a hall at ground level in available in the oil building.
